PROFILE INFO

I am an IT student and I have completed the lower level of computer engineering under TEVT at +2 level.

I've worked on the IT team, with business analysts and developers to create software designs, reporting to the Senior Software Engineer, and as a network and computer hardware assembler and disassembler.

WORK EXPERIENCE

Backend Development

2021 - 2022

I have worked as a backend developer for one year. I have post-graduated in backend development for website development. I have academic excellence in web design using Django and Python.

Junior IT officer

2019 - 2020

I have worked as an IT officer to handle IT-related work like hardware-related work, assembling and disassembling, network diagnostics, etc.

**Junior Graphic Designer
Borcelle Studios**

2021-2022

I have worked as a graphic designer for 6 months. I have a postgraduate in website and graphic design and I have Academic Excellence in Web Design.
